

BABY'S PITIFUL CASE OF ECZEMA

Summer Rash Became a Dreadful Itching Humor—Big Blisters Formed and Skin Grew as Hard and Rough as Bark—Scatched and Tore Flesh till Blood Ran.

ALMOST MAGIC CURE BY CUTICURA REMEDIES

"Our son, two years old, was very much afflicted with a breaking out or what looked to be a summer rash. I applied the usual remedies, such as washing with soda water and powdering with boracic acid. Finally, after he suffered with the trouble several weeks I took him to the doctor. He said it was merely a rash that was quite prevalent, and that I was giving the right treatment and that I should just continue it and the rash would soon be all right. But instead of getting better it was getting worse. The rash ran together and made large blisters. The little fellow didn't want to do anything but scratch and we had to wrap his hands up to keep him from it as he would tear the flesh open till the blood would run. The itching was intense, causing loss of appetite and sleep. When it seemed to hurt him most the skin on his back became hard and rough like the bark of a tree so that rubbing or brushing would not break it. He was so feverish that I thought it a bad case of eczema. He could not wear any clothes but a little nightgown with the sleeves just fastened at the top of the shoulder. He suffered intensely for about three months. But I found a remedy in Cuticura Soap for bathing and Cuticura Ointment with which I anointed the sore places. This kept the rash from spreading and in less than a week the result was almost magical. That was more than two years ago and there has not been the slightest symptom of it since he was cured. I am never very long without Cuticura Soap as my family knows the value of it and don't like a substitute. J. W. Leitch, Yukon, Okla., Aug. 28 and Sept. 17, '08."

Millions of women throughout the world use Cuticura Soap and Ointment for eczema, rashes, itching, irritations, inflammations, chafing, pimples, blackheads, dandruff, dry, thin and falling hair, sensitive, atopic skin, and for all the purposes of the toilet, bath and nursery.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
